# DEVA A. SUTAR

Pune, Maharashtra | sdeva2544@gmail.com | +91-7887628554 | github.com/devkumar-sutar | LinkedIn

## CAREER OBJECTIVE

Aspiring Java Developer with a strong foundation in Core Java, JDBC, and MySQL, with hands-on experience in MVC architecture and secure database access through academic projects and a Java Developer internship. Eager to develop efficient, maintainable Java applications and strengthen backend development skills while contributing effectively to a development team.

## TECHNICAL SKILLS

- **Programming Languages:** Core Java
- **Java Concepts:** Collections Framework, Exception Handling, Multithreading
- **Frameworks:** Spring, Spring MVC, Spring Boot
- **APIs:** REST APIs
- **Database:** SQL, MySQL
- **Web Technologies:** HTML5, CSS3, JavaScript, Bootstrap
- **Backend Technologies:** Java Servlet, JDBC
- **Core Concepts:** OOP, DBMS, MVC Architecture, JVM Basics & Memory Management (Garbage Collection)
- **Tools:** Eclipse IDE, Apache Tomcat, Maven, Postman, Git, GitHub, Version Control Practices

## INTERNSHIP

**Java Developer Intern | G-Soft Solutions Pvt. Ltd.** Jan 2026 – June 2026

*Pune, India*

- Developed web applications using Java, Spring Boot, and REST APIs following MVC architecture.
- Built MVC-based backend modules, optimized SQL queries, and implemented efficient CRUD operations.
- Used Git, Maven, Postman, and Apache Tomcat for version control, API testing, and deployment.

## PROJECTS

**Hospital Appointment Management System** Java Servlet | JDBC | MySQL | HTML | CSS | Bootstrap

- Developed a web-based hospital appointment management system with Admin and Patient modules.
- Designed and implemented MVC architecture with distinct Service and Repository layers for maintainable, reliable code.
- Built session-based authentication and doctor/appointment CRUD operations, working independently across the full stack.
- Integrated MySQL via JDBC and PreparedStatement, and debugged session-handling and query issues to ensure secure, reliable data access.

**Personal Portfolio Website** HTML | CSS | JavaScript

- Designed and developed a responsive personal portfolio website showcasing projects, technical skills, and contact information.
- Implemented responsive, cross-device layouts for desktop and mobile using HTML5/CSS3 best practices.

## EDUCATION

**Bachelor of Computer Applications (BCA)** 2022 - 2025 | CGPA: 9.48/10

KCES's Institute of Management and Research College, Jalgaon

**Higher Secondary Certificate (HSC)** 2022 | 75.17%

A.G.R. Garud Jr. Arts, Commerce and Science College, Shendurni

**Secondary School Certificate (SSC)** 2020 | 87.40%

A.G.R. Garud Madhyamik & Kanishth Mahavidyalay, Shendurni

## ADDITIONAL SKILLS

- Able to identify bugs in code and apply appropriate, tested solutions.
- Follow code versioning and development best practices using Git and GitHub.
- Comfortable working effectively within a development team on assigned tasks.
- Strong Computer Fundamentals and Logical Reasoning; basic Linux commands and file management.
